**PURPOSE OF THE UNIT STANDARD**

Learners at this level write/present/sign texts with complex subject matter and a need for various levels of formality in language and construction. They select text type, subject matter and language to suit specific audiences, purposes and contexts. Writers/signers can use linguistic structures and features to influence readers/their audience. They draft, redraft and edit own writing/signing to meet the demands of a range of text-types. They use language appropriate to the socio-cultural, learning or workplace/technical environment as required. They explore presentation techniques as an alternative to writing/signing own texts.

Learners credited with this unit standard are able to:

- Write/sign for a specified audience and purpose
- Use language structures and features to produce coherent and cohesive texts for a wide range of contexts
- Draft own writing/signing and edit to improve clarity and correctness

**LEARNING ASSUMED TO BE IN PLACE AND RECOGNITION OF PRIOR LEARNING**

The credit calculation is based on the assumption that learners are already competent in terms of the following outcomes or areas of learning when starting to learn towards this unit standard: NQF Level 2 Unit Standard entitled Write/present/sign for a defined context.

**UNIT STANDARD RANGE**

Controls language patterns and structures and engages with context, purpose and audience.

Specific range statements are provided in the body of the unit standard where they apply to particular specific outcomes or assessment criteria.

### **UNIT STANDARD ACCREDITATION AND MODERATION OPTIONS**

- This Unit Standard will be assessed by an assessor and moderated by a moderator, registered with the relevant accredited ETQA responsible for the quality assurance of this Unit Standard.
- Any institution offering learning that will enable achievement of this Unit Standard must be accredited as a provider through the appropriate quality assuring ETQA, or Learning Programme approval with an ETQA that has a Memorandum of Understanding with the quality assuring ETQA.
- Verification (external moderation) of assessment and moderation by the provider, will be conducted by the relevant quality assuring ETQA according to the moderation guidelines in the relevant Qualification and the agreed ETQA policy and procedures.
- An individual wishing to be assessed through RPL against this Unit Standard, may apply to an assessment agency or provider institution accredited by the relevant quality assuring ETQA, or by an ETQA that has a formal agreement/accreditation with the relevant quality assuring ETQA.

### **UNIT STANDARD ESSENTIAL EMBEDDED KNOWLEDGE**

The essential embedded knowledge will be assessed through assessment of the specific outcomes in terms of the stipulated assessment criteria.

Learners can understand and explain that languages have certain features and conventions, which can be manipulated. Learners can apply this knowledge and adapt language to suit different contexts, audiences and purposes. Knowledge of formats, conventions, protocols and contexts is acquired through activities used to attain this unit standard.

Learners are unlikely to achieve all the specific outcomes, to the standards described in the assessment criteria, without knowledge of the listed embedded knowledge. This means that for the most part, the possession or lack of the knowledge can be directly inferred from the quality of the learner's performance. Where direct assessment of knowledge is required, assessment criteria have been included in the body of the unit standard.
